

MAP FOR MARATHON PARKING

Parking at North Shore Park and the Tennis Courts is for MARATHON PARTICIPANTS ONLY, with PARKING PASS, provided at Packet Pick-up, on a FIRST COME basis.

Additional parking is available in the residential areas between Beach Drive NE and North Shore Drive NE on a first-come basis, **marked in green**. There are 200+ spots on these streets, but solely for participants in the marathon. **NO PARKING on North Shore Drive NE.**

If parking in residential areas, you must observe the restrictions posted on signs. Each street is different. Those closest to the church, between 7th and 9th Ave. NE, will have the most restrictions.

Please keep noise to a minimum - residents may be asleep.

If you don't have a parking pass for either the tennis court or the North Shore Park lots, please avoid North Shore Drive. Added congestion will increase your delays and frustration.

If parking in the tennis court parking lot, please access directly from 12th Ave NE.

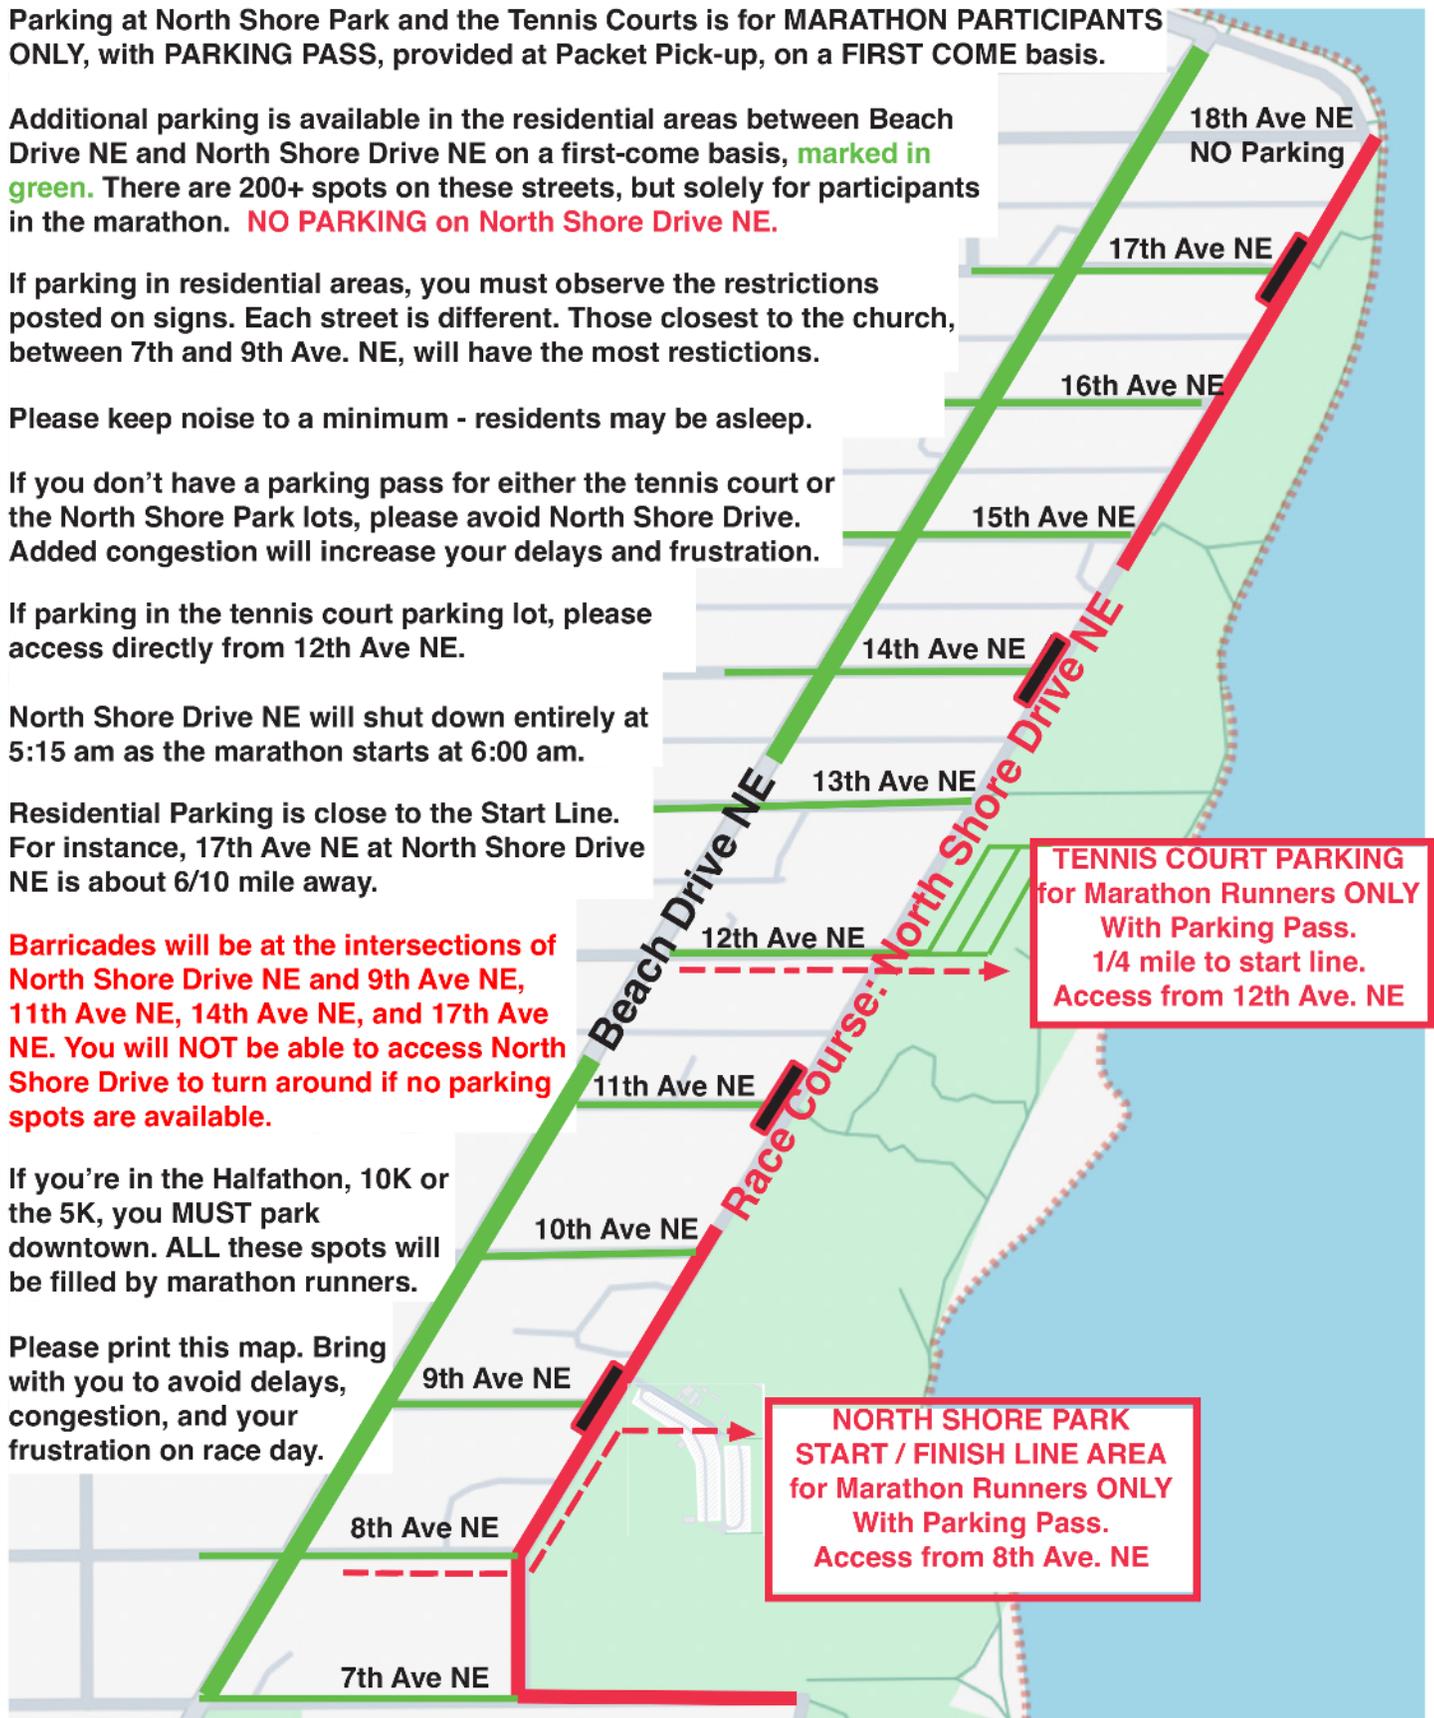

North Shore Drive NE will shut down entirely at 5:15 am as the marathon starts at 6:00 am.

Residential Parking is close to the Start Line. For instance, 17th Ave NE at North Shore Drive NE is about 6/10 mile away.

Barricades will be at the intersections of North Shore Drive NE and 9th Ave NE, 11th Ave NE, 14th Ave NE, and 17th Ave NE. You will NOT be able to access North Shore Drive to turn around if no parking spots are available.

If you're in the Halfathon, 10K or the 5K, you **MUST** park downtown. ALL these spots will be filled by marathon runners.

Please print this map. Bring with you to avoid delays, congestion, and your frustration on race day.
